Dear Mr Brown

This letter is in response to your Freedom of Information Act request, 9 November 1987, for a description of the curriculum of courses AB27037 and AB27330 given by the 3380 Technical Training Group during 1957 and a description of the mission of the 3383 and 3386 Student Squadrons during the same time period. Course AB27330 is taught here at Keesler AFB; however, AB27037 is not a valid course number because that number is not consistent with the course numbering system used.

The Base History for 1957 does not include a description of the mission of the 3383 and 3386 Student Squadrons. In 1961, Records Management retired curriculum material for the 3380 Technical Training Group; however, the course number was not identified. We have requested those records from the Federal Records Center. Upon receipt, if the records pertain to the cited course, we will forward the records to you.

Sincerely

Jackie Floyd
